- 19.2 The current Both-to-Blame Collision Clause as adopted by BIMCO is incorporated in and deemed to form part of this WST. If the vessel comes into collision with another vessel as a result of the negligence of the other vessel and any act of negligence or default of the master, marines, pilot or the servant of the carrier in the navigation or in the management of the vessel, the merchant will indemnify the carrier against all loss or liability to the other or non-carrying vessel or her owner insofar as such loss or liability represents loss of or damage to or any claim whatsoever of the owner of the said goods paid or payable by the carrying vessel or her owner as part of his claim against the carrying vessel or carrier. The foregoing provisions shall also apply where the owner operator or those in charge of any vessels or objects other than or in addition to the colliding vessels or objects are at fault in respect of a collision or contract.
